

# CONNECT SYSTEM - 24V DC / 230-240V AC

## 890-9145 Mini Connector 3pts male IP68

## CONNECT SYSTEM - 24V DC / 230-240V AC

### 890-9145 Mini Connector 3pts male IP68

#### DESCRIPTION

Wiring system with 24 V and 230 V "snap-on" waterproof connectors, 100% reliable.  
Products affected: X-LINE NANO 24V, X-LINE<sup>3</sup> and X-LINE UP<sup>2</sup> 230 V.  
Dimensions: Ø7mm to Ø12mm.

IP68

#### ADVANTAGES

Connections are tight and allow for quick installation.  
The shape of the coupling system enables blind connection. In dark conditions, the keys enable easy connection procedures to avoid damage.  
FLUX has software that generates wiring diagrams which include all lighting required for installation.
